

Welcome

My name is Dr Hugh Jackman. I founded SALT because I became fascinated with the words of Jesus Christ. Why S A L T? In John chapter 6:63 He said the words that I speak to you are spirit and life. This is why we named our organization S A L T. Spirit and Life Television.

After more than 20 years, preaching the gospel on various television platforms, I decided to focus my energy on one central platform. Our key objective is to both preach and then to teach others how to do so, primarily using the Technologies of today to reach the children of tomorrow.

Welcome to our website. We are a Christian charity dedicated to creating inspiring television programming that shares the gospel of Jesus Christ with people across the United Kingdom.

Through faith-filled teaching, worship, testimony, and meaningful conversations, our desire is to make the message of hope, truth, and salvation accessible to every home and heart.

Whether you are discovering us for the first time, seeking encouragement, or looking for ways to partner with us, we are glad you are here. May you be uplifted, strengthened, and drawn closer to God as you explore our programming and mission.

Thank you for taking an interest in SALT Ministries,

Dr Hugh Alexander Jackman

Chairman
